Subject: RE: Semi-annual report for the Tidewater Air Monitoring Project

I know that Kristen and Michelle are working on it right now but a lot of it depends on holiday schedules.

Excellent. Do you have a timeframe for when you plan to submit to us?

Thanks,

AJ McCullough

I have submitted my second package to our accounting folks. They are looking at it right now.

Hi Chuck – just wanted to follow up on this. Also, just as an FYI, here is your copy of the advanced monitoring report for your records. Let me know if you have any questions.

Subject: FW: Semi-annual report for the Tidewater Air Monitoring Project

A.J.,

It looks like getting the revised budget and work plan together will take a little longer and be a little bit more formal than I expected. I apologize for the length of time this is taking but I do want to get this right. Thank you for your patience.

Hi, AJ -- hope you're doing well!

It looks like the reallocation Chuck has talked to you about will end up being >10% of the total budget. I assume we need to submit a formal amendment through R3 to reflect a budget change of that amount, but wanted to confirm with you before we went through that process.

Thanks!

Michelle

Good afternoon, Chuck!

Thank you for the reporting. And yes, the date of October 21st works for us on the revised documents. We appreciate it.

Thank you!

Subject: Semi-annual report for the Tidewater Air Monitoring Project

A.J.,

Attached is the semi-annual report for the Tidewater Air Monitoring Evaluation study. As per our discussion regarding this project I am working on a revision to the budget and to the work plan. I was hoping to submit these with the report but I have not yet completed them. I am hopeful to have them to you by COB Thursday October 21. The revision of these documents is taking longer than I had anticipated. Please let me know if this date works for you. Thanks.
